A Message from the President of HH Lincoln Health

Welcome to HH Lincoln Health! We are pleased to be the health care provider for the citizens in Fayetteville and Lincoln County. Our affiliation with the Huntsville Hospital Health System is helping us build a firm foundation to provide high-quality care for the patients and residents we serve.

This is an exciting time for our Health System as we joined the Huntsville Hospital Health System to become HH Lincoln Health on July 1, 2022. We are dedicated to laying the foundation for our future success. We are working hard to expand our programs to bring more providers to the area, more service lines, and safe quality care to every patient and resident we touch.

This is a very inspiring time as we work to move forward with a focus on change and growth. We work hard to strengthen our culture and prepare for tomorrow's healthcare needs. Thank you for choosing us as your health care provider. Our promise to our community is to work to make our health system the very best it can be.

This is only the beginning,
Mary Beth Seals
President
